

Why wear a Pro-Life-End-Abortion-button?

[Baby's-Voice Buttons](#) 2016-07-17

Unlike other atrocities, the babies have no chance to run away and nowhere to flee to. They have no ability to defend themselves. The killing, the ripping and tearing, the injecting of poison to kill, or even being born alive and being left to die, the babies can do nothing to save their lives. The babies have no voice but our voice.

“Deliver them that are taken forth unto death, If you say, Behold, we knew it not, he that weighs the hearts knows it; and he renders to man according to his work.” Proverbs 24 :11-12

”Then shall he answer them, saying, Verily I say unto you, Inasmuch as ye did it not to one of the least of these, ye did it not to me. ” Matthew 25:45

Are you making a difference? God is Pro-Choice [Deuteronomy 30:19](#) ... I have set before you life and death, blessing and cursing; therefore choose life, that both thou and thy seed may live:

These Buttons are to encourage people to be actively speaking up for the Babies who are being taken to be killed .

My Country, My State, My County, My town is a Baby Killing Place and it is my job and responsibility to speak up and act to change that. How would you feel about it if you could not talk or help yourself and you were going to be ripped apart and beheaded or soaked in salt until it burned you alive or be cut in pieces to be sold???

How much should a person be involved? Once or twice a year?

Well, more than 23,000 U.S. Babies are being ripped apart weekly. So I would think a weekly involvement in a town near you would be a good consideration. By wearing and talking about Babies Voice Buttons you could easily be doing something daily.

Babies are being put to death just like people were in Nazi German. Hitler claimed some were not fit to live or were less than human, and therefore should be killed. Unlike Hitler's Nazi German we have the freedom to speak up for their lives. At this point in our history we are not risking our Life if we speak up, we are not risking loosing our property, We are not risking arrest by speaking for the babies, we are not even risking a fine.

Please wear a button. Ask people what they think of your button. Now if you speak with them about Ending Abortion you are speaking for the lives of the Babies.

Any woman who has an abortion is still a mother, only now she is the mother of a dead child. Not only that, but also she is the one that paid for and permitted the killing of her own child. What an awful experience that can never be changed, and all because we are not willing to speak up. We need to speak up before the killing to prevent a child's life from being taken and to keep a mother from having to live with the results of such an unthinkable act against her own child.

Prayer is the most important weapon in this spiritual battle and this is putting feet to those prayers.

We have a hope in God and His word. God is a giver of good things. Jesus came that we might have life more abundantly. God is our supplier and provider. God's word says: **Psalms 127:3-5** "Lo, children are an heritage of the LORD: and the fruit of the womb is his reward. 4 As arrows are in the hand of a mighty man; so are children of the youth. 5 Happy is the man that hath his quiver full of them: they shall not be ashamed, but they shall speak with the enemies in the gate." (Ever hear of a man going to war with only 1 or 2 arrows/bullets ? You would not want such a man in your army. He would not shoot when needed or he would be out of ammo and need protection.) Contraception is the seed of Abortion (not wanting children and not trusting God for his provision).

Another way to be involved is to find a "crisis pregnancy center" and volunteer time or support.

Nation wide website Just enter Zip Code in the [Pregnancy Center Locator](http://www.care-net.org/find-a-pregnancy-center) (near the bottom of their webpage.) <http://www.care-net.org/find-a-pregnancy-center> or call CareNet at **1-703-554-8734**

I believe **adoption** is much better than death, and thereby there is a chance a mother and child could be reunited in the future, as a dead child holds no such hope.
